Proposed

The Urban Form Overlay (UF Overlay) District: is established to create a high degree of walkability and design quality for Cleveland's urban streets. The UF Overlay will do this by requiring pedestrian-oriented building features, preserving and enhancing the architectural character of new and existing buildings and protecting public safety by minimizing conflicts between vehicles and pedestrians. UF Overlay Districts are planned to be densely developed areas with a majority of the buildings set relatively close to the street and parking located behind the main building. For a full description of the Urban Form Overlay District you can go to the American Legal Publishing website (Section 348.04).

Limited Retail Districts: Residential uses, retail Stores, food stores, variety stores, shoe stores, drugstores, eating places, professional offices, office buildings, hotels, motels, and banks. For a full description of the Limited Retail District you can go to the American Legal Publishing website (Section 343.22).

Institutional-Research Districts: Large scale educational and medical developments, research facilities, professional offices, hotels, residential, limited retail uses, schools, nursing homes, assisted living residences, mental health centers, live-work units and correctional halfway houses. For a full description of the Limited Retail District you can go to the American Legal Publishing website (Section 340).

Area District – 'G' allows for a maximum gross floor area of residential buildings to be equal to 3 times the total lot area. 'C' allows for a maximum gross floor area of residential buildings to be equal to 1/2 times the total lot area.

Height District – Height District '1' allows a maximum height of 35 feet. Height District '2' allows a maximum of 60 feet.

NOTE: If this proposed zoning change becomes effective, the law requires that the legal use of all existing buildings in the area be allowed to remain, but there can be no additions or expansions of those uses made nonconforming by this change without a special permit from the Board of Zoning Appeals.
